About Us

GOOD BEANS.
A BRIGHTER TOMORROW.

At First Cup Coffee and Tea, we believe that great drinks start with a deeper connection — to nature, to people, and to a better tomorrow. We source our coffee and tea from the world's most celebrated growing regions, working closely with farmers who share our passion for quality, sustainability, and authentic flavor.

From our carefully selected beans and leaves to your cup, every step of our journey is guided by a simple belief: that a great cup can do more — it can bring people together, spark inspiration, and make everyday moments a little brighter.

OUR PROCESS

COFFEE PROCESSING

FROM OUR FARMS TO YOUR CUP

At First Cup Coffee and Tea, quality begins at the source. Our coffee is carefully processed using time-honored methods that honor the bean and the people behind it.

HANDPICKED
Only the ripest cherries are handpicked to ensure the highest quality.

WASHED WITH CARE
Cherries are gently washed in clean water to remove impurities and preserve natural flavor.

SUN-DRIED
Beans are dried on raised beds under the African sun for optimal consistency.

QUALITY CONTROL
Each batch is sorted and graded to meet our premium standards before export.

SUSTAINABLE. ETHICAL. EXCEPTIONAL.

We are committed to sustainable farming practices, fair wages, and building strong relationships with our farming communities.

GOOD COFFEE. REAL IMPACT.

TEA HARVESTING

NURTURED BY NATURE. CRAFTED WITH CARE.

From misty mornings to meticulous harvesting, our tea is a celebration of tradition, sustainability, and purity.

HANDPICKED
Tender leaves selected at the peak of freshness.

SUSTAINABLY GROWN
Cultivated with respect for nature and communities.

RICH IN FLAVOR
Carefully processed to preserve natural aroma and taste.

Every leaf tells a story.
EVERY CUP INSPIRES.

FIRST CUP
COFFEE AND TEA

QUALITY TEA. MEANINGFUL MOMENTS.

TEA PROCESSING

From leaf to cup, every step matters. Our tea processing is a careful balance of tradition, skill, and time—preserving the natural goodness and delicate character of each leaf.

WITHERING
Freshly plucked leaves are gently withered to reduce moisture and enhance aroma.

ROLLING
Leaves are rolled to release their natural oils and flavor, shaping the character of the tea.

OXIDATION
The leaves are allowed to oxidize to develop color, depth, and the unique taste of the tea.

DRYING
Carefully dried to lock in flavor and aroma while ensuring long-lasting freshness.

SORTING
Leaves are sorted and graded to ensure only the best make it to your cup.

Carefully crafted.
Naturally refreshing.
Perfectly yours.
